

## Private-label RTD Low Glycemic Index Iced Coffee

Frappio® RTD Low-Glycemic-Index Coffee contains only 4g of sugars per serving. It targets the 1-in-5 Americans who are at high risk of developing diabetes – they appreciate food and beverage products that help manage blood sugar levels. With only 50 calories per serving it also works for people on a calorie-restricted diet.

### EXPERTISE

We can produce RTD coffees in almost any flavor profile you can imagine.

### EXPERIENCE

Our food chemists have over 15 years experience making coffee-based products. We create a wide range of RTD coffee beverages for private label customers.

### PRODUCTION FACILITY

All Frappio products are produced in a state-of-the-art facility utilizing only French-roasted Arabica beans from Colombia and Guatemala.

- Made with fresh-brewed, 100% Arabica coffee.
- Standard and custom formulations available.
- Sweetener options let you achieve your target glycemic index.
- As low as 50 calories per serving.
- Shelf stable.
